

# Hawken Era Shooting Pouch Pattern

Patterned after an original pouch in Grant's  
"The Kentucky Rifle Hunting Pouch", plate 70.

Print this pattern on 8 1/2 x 11" paper and the pattern  
will be the correct size. Trace onto cereal boxes for a  
more durable pattern.

Watch the video tutorial at [NMLRA.org/video](http://NMLRA.org/video)

## Pouch Front

Do your best to make this piece match the  
pouch back. It will make construction easier.

## Pouch Flap

Choose between your preferred pouch shape by  
following the black or gray lines.

The black line is used to make the pouch in the video.

# Pouch Back

**This piece should be the same width as your pouch front,  
and a little taller to account for the pouch flap stitching**

[NMLRA.org/CraftsmensCorner](http://NMLRA.org/CraftsmensCorner)

# Pocket

**Overall shape is up to you, just make sure  
your pocket fits in the pouch and won't  
obstruct use.**
